BILD AWARDS

Northern Edge Construction won two BILD renovation awards.

Clients' praises propel renovator to top prize

TRACY HANES

TORONTO STAR

Sandra Baldwin of A Lifetime Contractor Ltd. was named Renovator of the Year at the 2010 BILD (Building Industry and Land Development Association) Renovation and Custom Building Awards held recently at the National Home Show at Exhibition Place.

Baldwin's award goes to the renovator who sets the standard for the rest of the renovation sector by leadership in improving the overall image of the renovation industry.

"Renovator of the Year is heavily weighted to our reference checks and Sandra's clients raved about her," said Stephen Dupuis, president and CEO of BILD. "Her ultimate testimonial is repeat customers."

Northern Edge Construction and Capoferro Design Build Group each received two renovation awards, with one going to Carick Home Improvements.

Fourteen Estates Ltd. was recognized for its exceptional construction work with a Best Custom Home award.

"The judges were all contractors

from outside the GTA so they could quickly size up the quality of the renos.

"Truth is, there were very few points separating the winners from the finalists," said Dupuis. "The renos this year were outstanding."
